August 16, 1902.

Mr. O. H. Tittmann,

Superintendent of the U.S.C. & G. Survey,

Washington, D. C.

Sir:-

In obedience to Instructions and Memoranda for Descriptive Reports, 1887, I beg leave to submit the following report on Hydrographic Sheet No. 2588:

The work consists of a special examination of the dredged channel into Pensacola Bay, Florida, for the purpose of connecting the chart of that locality. No descriptive report is considered necessary.

Very respectfully,

*P. A. Walker*

Assistant, U.S.C. & G. Survey,

Commanding.

REPORT  
on  
HYDROGRAPHIC SHEET  
NO. 2588.  
Pensacola Bay Entrance,  
Caucus Channel,  
Fla.  
Assistant Welker,  
1902.

In verifying this work two mistakes were found in the  
protracting. In the plotting a few positions were found  
where the sounding should have been replaced by a lower read-  
ing, otherwise this work is good.

The records were well kept.

H.L. Simons. (Signed).

*Capt. F. Welker*  
*Nov 4, 1903*
